

Supplemental 1-to-1 Tutoring

If your score is not severely out of whack with your G.P.A. (see [G.P.A. vs. A.C.T. / P.S.A.T. scores](#) link on the webpage), i.e. you only need a point or two, then you should simply register for a LIVE classroom A.C.T. SuperCourse or take the SuperCourse by DVD (see [ALL DVD Option](#) link). If, however, your score is not commensurate with your G.P.A., i.e. 4 or more points too low, then you should consider private 1-to-1 tutoring in addition to participating in the LIVE or DVD SuperCourse. Tutoring may also be needed if a student's score is "stuck" despite additional preparation between successive tests.

Whether this supplemental instruction takes place before, during, and/or after the student takes the A.C.T. SuperCourse depends on the needs of the student. This instruction is not redundant of what the student learns during the SuperCourse. The emphasis is on content as opposed to the basic strategies which are taught during the SuperCourse. Different or advanced strategies will be taught as necessary. Materials include *The Real Act Prep Guide* (which is the SuperCourse textbook) as well as other materials as necessary (which may require purchase).

Content instruction is available in:

1. English text editing
2. Math problem solving
3. Reading rate and comprehension
4. Science experiment analysis

Current pricing is \$1.00 per minute of "face time instruction" plus materials. Instruction is in person or via Skype Video Conferencing. There is a minimum charge of \$20.00 per session. There is no minute charge while the student is completing a practice exercise. A stopwatch is used to keep track of time. Your instructor will be Mr. Diccio. He can be reached at 330-755-2710. Please note: Supplemental 1-to-1 Tutoring from Mr. Diccio is exclusively for A.C.T. SuperCourse students. Thank you.
